

## NEED LARGER TEXT?

You can increase the text size on our pages by changing the settings in your web browser. Just follow the instructions below.

### Internet Explorer

1. Select **View** in the menu bar.
2. Select **Text Size**.
3. From there, select **Larger** or **Largest** until the desired text size has been reached.

### Netscape/Mozilla-Firefox

1. Select **View** in the menu bar.
2. Select **Increase Font**. (*Mozilla-Firefox: Select **Text Size**, then **Increase***)
3. Notice that the text size has increased.
4. To increase the type further, continue selecting **Increase Font**.

**Note:** Most browsers will also enlarge text by:

- Depressing the “**Ctrl**” (Control) Key (hold down) *and* **Scroll** up with the Mouse.
